**BURNS FIGHTS
PALMER TONIGHT****Match Looks to Be a Walk-
Over for Heavyweight
Champion.**

Unless the dope is all to the wrong Tommy Burns, the heavyweight champion of the world, is due to tear off another piece of easy money in dear old Lunnun tonight.

The pudding will be dished up in the form of poor old Jack Palmer who proved to be such a lemon on his visit to the States.

The men are matched to box twenty rounds at Wonderland for a side bet of \$2500 and 80 per cent of the gross receipts, of which the winner will get 75 per cent and the loser 25 per cent.

As the public is allowed the privilege of buying tickets, which was not the case when Burns fought "Gunner" Moir before the National Sporting Club, it is likely that thousands will witness the battle, as the building is a big one and the people will give up their money without a kick.

On March 17 Burns fights Roche, the Irish champion, in Dublin, the financial conditions of the match being extremely favorable to Tommy. Unless the combination of time, place and man is too many odds for Burns to overcome, the battle should still further swell Burns' already distended bankroll.

**JEFFRIES HAS
GIANT BOXER**

HOT SPRINGS, Ark., Jan. 27.—The quietest season in Hot Springs history for sports is likely to be broken by the arrival of Jim Jeffries, king bee boxer, who enlightens friends here in a letter of contemplated stay taking baths. He will be accompanied by Hector-Hook, the giant Boer boxer, who has, it is said, trimmed the best amateurs and professionals in central and southern Africa, and he has just finished a brilliant career in India, defeating the best that English colonists sent against him. The big fellow is said to weigh more and stand higher than Jeffries. The champion's friends believe that "Big Jim" is trying to develop a real big man to wrest the championship. Several letters received indicate that he had tired of finding such on this side of the ocean.

**WORLD TRAMP
WAS ILL FATED**

NEW YORK, January 25.—Henri

Mosse, who has been walking around the world for four years on a 50,000 francs wager, called on Mayor McClellan yesterday to get the latter's autograph. Hosse is due in Lyons, France, on June 14, and did not stay at the city hall long. He is going to walk to Quebec, via Albany and Buffalo, whence he will sail for France.

Mosse is one of the eight men who started on a long endurance walk which was a contest between the Tourists' club of France and the Sportsmen's club of London. They were to walk around the world. Mosse and his partner started in Turkey, and he has covered 55,000 miles. Three of the eight men in the contest have died, two were murdered in Abyssinia, one was killed in China and one committed suicide in Turkey. Mosse's partner shot himself. Mosse has been earning his living lecturing and selling his cards.

**FOOTBALL STAR
WILL PLAY EAST**

CHICAGO, January 18.—A western football star is likely to make his appearance in eastern football circles next fall, for Capron, the great drop-kicker of the University of Minnesota, who made by his kicking every point scored by the gophers in 1907, has announced his intention of entering Dartmouth this year. In case he comes to the New Hampshire college, Capron will be unable to play on the 'varsity team until 1909, and will then have but one year to kick field goals for the green; but even that will help some, for Capron as a kicker can be classed with the three greatest kickers that American football has known—Eckersall and Hirschberger of Chicago and Pat O'Dea of Wisconsin.

**SAYS HANSEN IS
COMING CHAMPION****Hjalmar Lundin Discovers a
Promising Welterweight
Wrestler.**

WASHINGTON, D. C., January 25.—Hjalmar Lundin, the giant Swedish wrestler, says that his pupil, Fritz Hansen, is destined to be the greatest welterweight wrestler at the catch-as-catch-can style that has ever twisted his arms around an opponent. Lundin and Hansen have just come to this country from a tour of Sweden lasting six months, during which Hansen never refused a challenge nor lost a fall. Now Hansen is looking for championship honors on this side of the pond and will immediately start after the best in his class.

Lundin is an expert of the Graeco-Roman style, but knows enough of Hansen's style to serve as a valuable training partner. Lundin says that Hansen is really the most remarkable wrestler of his weight that has appeared for many years.

"Why," said Lundin, "this young fellow was only made to wrestle. He sleeps, drinks and eats on the mat, and whenever he is not in sight of a grappling match he acts like a duck in the desert."

After Lundin had delivered this eulogy he proceeded to prove it by some real action. The two wrestlers went at it hammer and tongs, and soon the air was full of flying legs, arms, half Nelsons and chancery holds. Lundin is close up to the 200-pound mark in weight, while Hansen tips the beam at 150 pounds. Strange to say, however, it was Lundin who was doing most of the pinning in the vapors once his smaller antagonist got going.

Hansen when stripped for action can easily make 146 pounds, the welterweight limit. He is 21 years of age and is five feet seven inches tall. His other measurements are as follows: Neck 17 inches; chest, normal, 40½ inches; chest, expanded, 44½ inches; biceps, 14 inches; forearm, 12 inches; wrist, 7½ inches; thigh, 22½ inches; calf, 15½ inches. He is ruddy faced and healthy looking, lives a perfect life and is always in condition to grapple.

**DESPISED BARON
HELPS THE YACHT**

LIHUE, Feb. 8.—The yacht Hawaii is going to get the much coveted inside finish of koa, thanks to the munificence of one of the despised Kauai sugar barons.

The yacht which is to carry Hawaii's

name to victory in the coming trans-Pacific race is gradually growing into full maturity, and men of money have vied with each other in helping to equip the first thoroughly Hawaiian yacht.

One of the aspirations of the committee has been to have her finished in local wood inside, but owing to the great expense the fulfillment of the wish seemed to be more than doubtful.

Geo. Wilcox happened into town last Saturday and as a matter of course, got to talking with men in town about the defender of Hawaii's honor on sea. He also heard that despair of a koa finish held the committee in its grip. Mr. Wilcox doesn't say much, but he generally acts pretty promptly, and so he did in the present predicament. All he did was to write out a check for \$1000 in favor of the treasurer of the yacht concern.—Gardner Island.

**TWO BICYCLE THIEVES
CONFESS THEIR GUILT**

Alfred Ferreira and John Santos, two Portuguese youths, have been carrying on a systematic business of bicycle stealing for some time past, according to their own confessions made yesterday afternoon to the police. Last week their hauls consisted of three wheels from the Immigrant Station, one from the office of the Hawaii Shipno, and another one from a store on Hotel street. The wheels were sold to Japanese bicycle dealers at prices ranging from one to three dollars apiece. The wheel taken from the Japanese newspaper office was a new one and realized the top price.

The theft of the Immigrant office wheels was reported to the police, who have been working on the case. Yesterday, at Aala Park, Officer Espinda noticed the two boys eyeing a wheel suspiciously and recognized one of them as answering the description of one suspected by the immigration men. He accordingly arrested the boys on general principles and they were taken to the station. There they promptly made a clean breast of their guilt.

A part of one of the stolen wheels was secured at the bicycle shop on King at the foot of Alapai street, but the others have been long since taken apart, repainted, their numbers brazen off and all marks of identification effaced.

It is the ingenuity shown by the dealers, among whom the Japanese are the principal offenders, in altering the appearances of the purchased stolen bicycles that makes the recovery of them almost impossible and the stealing of them by boys such a safe business.
